This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2008-09 school year, except the School Finances and School Completion data that are reported for the 2007-08 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Coffee Creek School and District Mission

To provide a safe environment which promotes academic excellence, responsible citizens, and a life-long desire for learning.

Vision Statement

It is the vision of Coffee Creek School that the united efforts of students, parents, staff, and community will develop students who...

- value themselves
- come to school ready to learn
- speak and write effectively
- are engaged in nature and science
- compute and problem solve both individually and in a group setting
- value personal health and fitness
- interact respectfully within the school society and community
- use resources of information and technology
- value visual and performing arts

The vision is that Coffee Creek School students, parents, and staff will strive for high quality student work within a safe enriched environment, utilizing a wide variety of resources and strategies. School Profile: Coffee Creek Elementary School is a single school district located in the rural mountain community of Coffee Creek in Trinity County. The two-room school serves approximately 15 students in Kindergarten through eighth grade. The school offers an after-school program for interested students. In addition, students may participate in after school sports. Intervention opportunities are also offered to students.

Coffee Creek Elementary School staff and community strive to work together to create programs that produce articulate, confident, and skilled students. There is a strong focus on a well-balanced education for every student

with high standards aimed at excellence and student empowerment. Our School Site Council provides a format for school-wide decision making. Fund raising activities and volunteering in the classroom provide opportunities for community involvement. Our vision is to support and promote a community/school family atmosphere with an emphasis on mutual support for all within a learning community.

Coffee Creek Elementary School opened in the early part of the last century and moved to its current site in 1960. The school facility consists of two classrooms, a multi-purpose room, kitchen, and office. The school and school site serves as a focal point for students, their parents, and the community.

Misassignments of Teachers of English Learners	0
Total Teacher Misassignments	0

School Facilities

Summary of Most Recent Site Inspection

The Coffee Creek School facilities are well-built, well equipped, have excellent lighting and ventilation, and comply with the Americans with Disabilities Act. The five acre campus contains the following: a single building that contains two classrooms, a multi-purpose room, a small stage, an office, four restrooms, a kitchen, and sinks in each room; several storage buildings; tennis courts, a handball court, basketball courts, a primary school playground, a pre-school playground, baseball field and track, a BBQ and picnic area, and various lawn areas for other activities. The school is surrounded by a beautiful forest of deciduous and coniferous trees, and is located near the clear running Coffee Creek. The school is located in the center of the small rural community of Coffee Creek, in the Northern California

Repairs Needed

Planned improvements to the school include re-vamping the generator system and renovation of many of the landscaped areas. On-going outdoor maintenance will include clearing of dead or dying trees, annual brush clearing and other forest fuels reduction work to minimize the hazards presented by being located in a forest. Improved maintenance of the baseball field is planned, as well as possible installation of more irrigation sprinklers on the field, to improve watering coverage.
