TKY and I look forward to seeing club members - we did not attend the June club meeting - we flew to Orlando, Florida on June 2nd. We In Orlando, we helped my bro. And wife celebrate their 41st wedding anniversary, and visited with their

visited my youngest brother and some of his family. Charlie and wife Judy took us to St. Petersburg to visit a long-time friend who used to live in Big Bar, Jackie Turner. Her husband, Babe Turner, was the bigtime gardener in Big Bar, raised all kinds of veggies and berries. He passed away in Virginia in 1998, and now Jackie resides in assisted living in St. Pete, near her youngest daughter and husband, who live on a sailboat in the harbor at St. Pete. Their son lives in the city there with his wife and four youngsters, who really love their great-grandmother, Jackie. Hector Allen, the grandson, has a marine business, working on boats of all kinds, repairs some, and even does some building on others.

It surely was a lot of fun visiting these people, and you may rest assured that TKY went aboard the boat with my brother, and got the grand tour!

two daughters and the new husband of the oldest girl, at a family barbecue. We enjoyed that very

much, even went swimming in their pool before we departed Florida for Alabama, where we visited my middle brother and family. They drove us to Mobile, Alabama where we helped my oldest brother and wife celebrate their 50th wedding anniversary. Their daughter had arranged the party for that - I saw many relatives and a friend that I went to high school with, plus my 87-year-old aunt that I hadn't seen in several years.

We even visited with my cousin who is an amateur radio operator, advanced license. We certainly had a good time, sight-seeing quite a bit in Alabama, leaving there on June 14th to return home. It took us many days to get over jet-lag, and too many late, late nights visiting. We had such a good time, but home really looked good to us!

INDIAN VALLEY AND HORSES!

The annual endurance event at Indian Valley on June 18th and 19th proved to be a little damp,

according to KB6YTD Robert on the net recently. TKY and I were supposed to show up there to help with radio communications. We had something come up and could not make it, and sounds like there was a critical shortage of ham operators there. Don't know what happened to the other folks who said they'd be there to help out at the check-points. Maybe they felt that it would be cancelled due to the heavy rains.

E-MAIL??

If you have email and would prefer receiving this newsletter on it, let KF6OAH Vicki know, at 623-4208, or drop me a note at P.O. Box 667, Big Bar, CA, 96010 and we will see that you get on the email list. Don't forget to include your email address.

Best wishes to all - hope to see you at the garage sale on the 23rd.
